The Resident,  
Robert Street  
GORDON NSW 2072

Dear Resident,

### **Robert Street, Gordon - Proposed Raised Pedestrian Crossing - Amended**

Council is seeking your input on an amended proposal to construct a raised pedestrian (Wombat) crossing and upgrade the street lighting on Robert Street at Werona Avenue, as shown on the **attached** Plan *Robert St/KTC/02/25*.

#### **Background**

Council has received funding from Transport for NSW under its Get NSW Active Program to construct a Wombat Crossing on Robert Street at Werona Avenue. There is a high degree of pedestrian activity at this intersection, due to its close proximity to Gordon Station. Recent intersection counts showed that significant numbers of pedestrians were crossing Robert Street during morning and afternoon peak periods.

When Council recently consulted with affected residents and businesses about the proposal, there were many objections about the loss of 2 parking spaces on Robert Street. To offset the loss of parking on Robert Street, it is now proposed that two 1/2P spaces be provided on Werona Avenue to the south of Robert Street.

#### **Proposed changes**

A new raised pedestrian crossing is proposed on Robert Street at Werona Avenue. The works would also include an upgrade of the street lighting to meet current standards for a pedestrian crossing.

In order to meet the minimum sight distance requirements on the departure side, the 'No Stopping' restrictions will need to be extended by 8 metres. This will result in the loss of 2 on-street parking spaces on Robert Street. However, this will be offset with the provision of two 1/2P spaces on Werona Avenue. An additional 1/2P space would also be provided in front of #2 Robert Street.

#### **Submit your feedback**

Before submitting this proposal to the Ku-ring-gai Traffic Committee, we want to hear from impacted residents. Your feedback will guide our decision-making process.

How to respond:

1. Take our brief survey using the QR code provided.
2. Or, send written comments to the address above.

**Deadline:** Please submit your feedback by Thursday 24 April 2025.

If you have any questions, please feel free to contact me directly.

Yours faithfully

Michael Foskett  
**Team Leader Traffic**
